## PRODUCT OVERVIEW

Optima Scale's OP-915SS all stainless steel IP67 washdown bench scales, paired with industry's top NEMA 4X waterproof OP-900 digital weight indicators (LED or LCD display), is designed for speed and accuracy with an extremely heavy-duty stainless steel platform and rugged stainless steel enclosure that provides top performance for high-usage applications in dusty, dirty and damp environments. Selectable weight units, along with Gross, Tare, and Net conversion functions make this scale suitable for many applications. A bi-directional RS232 serial port, optional printer and data-logging software, optional remote large display, auto shut-off and sleep modes to conserve battery power allows you to tailor the OP-915SS to your needs. And thanks to its rechargeable 90-hour battery, you can be sure this unit will stay powered for days at a time, even without a nearby outlet. NTEP class III, 5000 divisions, legal-for-trade certification. Available in 100 to 1,000 lb capacities and various size ranges. Ideal for food prep, fishing, packaging and a whole lot more.
